INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of Central Weber Sewer Improvement District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities of Central Weber Sewer Improvement District as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Central Weber Sewer Improvement District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Central Weber Sewer Improvement District, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Central Weber Sewer Improvement District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Weber Sewer Improvement District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Central Weber Sewer Improvement District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of contributions, schedule of the proportionate share of net pension liability, and notes to the required supplementary information on pages 3-10 and 41-43 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2023, on our consideration of Central Weber Sewer Improvement District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Central Weber Sewer Improvement District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Central Weber Sewer Improvement District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDING JUNE 30, 2023

Introduction

The purpose of this document is to discuss and analyze the financial performance and activities of Central Weber Sewer Improvement District for the fiscal year ended June 30, 2023. The District previously changed from a calendar year ending on December 31, 2021 to a fiscal year ending on June 30, 2022. The purpose of the change was to match the District with most of the entities served and provide better budgeting information to those entities.

The District provides sewer treatment service for approximately 220,950 people with an estimated 75,155 residential connections in Weber and Davis Counties, plus business connections. The cities of Farr West, Harrisville, North Ogden, Ogden, Pleasant View, Riverdale, South Ogden, South Weber, Washington Terrace and West Haven, along with Uintah Highlands Special Service District are completely serviced by the District. Parts of Hooper, Marriott-Slaterville, Plain City, Roy, Uintah and unincorporated Weber County are also serviced by the District.

The District currently has approximately 56 miles of outfall sewer lines and eight lift stations. The District averaged 30.65 million gallons of water treated per day (MGD) in 2022. This compares to an average daily flow of 30.62 MGD in 2021 and 31.92 MGD in 2020.

Overview of the Financial Statements

Central Weber Sewer Improvement District has one Proprietary Fund known as an Enterprise Fund. An Enterprise Fund may be used to report any activity for which a fee is charged to external users for goods or services. An Enterprise Fund is used to report the financial information of business-type activities provided by government.

The Statement of Net Position provides information regarding all assets of the District, such as cash, accounts receivable, prepaid items, and capital assets as well as the liabilities of the District, such as accounts payable and long-term debt. The difference between the assets and liabilities is reported as net position.

The Statement of Revenues, Expenses and Changes in Fund Net Position shows all revenue received during the year broken down by charges for service, impact fees, property taxes, interest, and other miscellaneous revenue. The expenses are summarized by salaries and benefit expenses, maintenance supplies and materials, utilities, general insurance, engineering and professional fees, interest, and depreciation. This statement also shows the net position at the beginning of the year and at the end of the year.

The Statement of Cash Flows summarizes the flow of cash from operating activities, investment activities as well as capital and related financing activities and provides a reconciliation of operating income to the net cash provided by the operating activities.

FOR THE YEAR ENDING JUNE 30, 2023

Notes to the Financial Statements provide additional disclosures required by governmental accounting standards and provide information to assist the reader in understanding the District's financial condition.

The Management's Discussion and Analysis is intended to explain the significant changes in financial position and differences in operation between the current and prior year.

Highlights

The District reduced existing bond principal by \$6,543,528 during FY 2023.

A total of \$23,242,911 was spent on capital projects in FY 2023. Of that total amount, \$17,048,531 was spent on the Nutrient Removal & UV System Project, \$3,088,170 on the Hooper Pipeline Rehab Phase I Project, and \$1,816,261 on the Hooper Pipeline Rehab Phase II Project. \$348,711 was spent on engineering work to complete the Master Plan and Facilities Evaluation. Major items of construction also included \$335,763 for the Industrial Park Lift Station Rehabilitation Project. A new loader was purchased for \$225,215.

The District approved a financial plan during 2021. This plan included fee increases of 10% in FY 2023. The purpose of this plan is to help maintain the District's "AAA" bond rating and to pay a portion of future capital expenditures with cash.

FOR THE YEAR ENDING JUNE 30, 2023

Financial Analysis of the District

Capital Assets

The District spent \$23,242,911 on capital projects and equipment during 2023. \$22,288,725 was spent on construction in progress. Depreciation for the year was \$7,473,266 which is an increase of \$3,781,243 from 2022.

Listed below is a summary of the Capital Assets as of June 30, 2023.

Capital Assets Net of Depreciation

	 2023	2022	 Increase (Decrease)	% Change
Land	\$ 1,364,714	\$ 1,364,714	\$ -	0%
Buildings & Structure	89,993,399	92,593,276	(2,599,877)	-3%
Treatment Facilities	48,180,622	50,798,250	(2,617,628)	-5%

Equipment	17,576	28,728	(11,152)	-39%
Vehicles	500,283	376,661	123,622	33%
Construction in Progress	 26,905,214	 4,805,861	 22,099,353	460%
Total Assets	\$ 206,457,242	\$ 190,641,598	\$ 15,815,644	8%
New Assets	\$ 23,288,910			
Depreciation	(7,473,266)			
Net Disposals	 			
Net Change	\$ 15,815,644			

Debt

At the year ended, the District had \$109,477,086 of outstanding debt including bonds, compensated absences, net pension liability, and premiums and discounts on outstanding bonds. This is a decrease of \$8,055,087 and represents the amount of principal paid in 2023 on existing bonds and bonds refunded along with other reductions in long-term debt.

FOR THE YEAR ENDING JUNE 30, 2023

Outstanding Debt at Year End

	 2023	 2022	 Increase (Decrease)	% Change
Bonds Payable - Zions Bank	\$ 92,230,000	\$ 98,160,000	\$ (5,930,000)	-6%
Bond Payable - DWQ	4,671,728	5,285,256	(613,528)	-12%
Compensated Absences	229,791	245,997	(16,206)	-7%
Net Pension Liability	340,100	-	340,100	100%
Premiums and (Discounts)	12,005,467	13,840,920	 (1,835,453)	-13%
Total	\$ 109,477,086	\$ 117,532,173	\$ (8,055,087)	-7%

Accrued compensated absences represents the total obligation of the District to employees for accrued leave time as of June 30, 2023.

For more detail about the outstanding bonds, see note 8 in the footnotes to the financial statements.

Net Position-End of Year	\$ 161,283,925	\$ 145,248,868	\$_	16,035,057	11%

FOR THE YEAR ENDING JUNE 30, 2023

Total revenues increased by \$21,921,652 or 173% during 2023. The major increases were \$10,256,367 or 853% from property taxes & vehicle fees, \$8,560,686 or 126% in charges for services, and \$2,490,541 or 1154% in investment earnings and were due mainly to a twelve-month presentation compared to six-months in the prior year.

Total expenses increased by \$9,777,022 or 112%. A major increase in expenses was \$3,781,245 or 102% of depreciation expense, \$2,205,302 or 129% in payroll and benefits, and \$1,394,128 or 97% in interest expense. These decreases were mainly due to a twelve-month presentation compared to six-months in the prior year.

Economic Factors and Next Year's Budget

US News & World Report ranked Utah's economy #1 in the Nation for 2023. The report stated Utah's Business Environment ranked #7, Employment #1 and Growth #2.

As of June 30, 2023, the District had a balance of \$51,888,012 deposited with the Utah Public Treasurer's Investment Fund. The money will be used to pay for continuing and new capital projects along with maintaining a minimum cash balance of \$15,000,000 as of December 31st of each year as approved in 2021. In addition, the District has \$7,445,944 of available funds from the 2021 Series A Bonds available for capital projects. The FY 2024 Approved Budget for Capital Projects is \$65,907,000, which includes major treatment plant and collection system projects.

In July of 2022 the Board approved a construction bid from Gerber Construction to build the Phase II Expansion Project and UV Disinfection System at a cost of \$87,599,747. The Board also approved a task order with Carollo Engineers to provide engineering services for the Phase II and UV Project not to exceed \$5,391,960.

In August of 2022, the Board approved a bid for pipe lining 11,188 feet of 48-inch gravity sewer pipe and rehabilitation and coating of 20 manholes in the Hooper area at a cost of \$7,014,056. An engineering services task order for the pipe project was approved at a cost not to exceed \$154,854 with the engineering firm Brown & Caldwell.

These are the two major projects continuing into FY 2024. The pipe rehabilitation project should be finished in FY 2024. The Phase II Expansion and UV Project are estimated to be completed at the end of 2025.

Future demands and project needs were evaluated during the master planning effort. The District's process capabilities are well positioned to meet future Utah Division of Water Quality nutrient requirements at current demands. However, projected population growth within the service area will increase demands on the system. Existing facilities will no longer be sufficient to meet the demands of new growth. The District approved a new Master Plan that will be implemented in phases of construction. The District also has plans to increase hydraulic capacity of its collection system through a sequence of rehabilitation or replacement of pipelines.

FOR THE YEAR ENDING JUNE 30, 2023

Increase (decrease) in compensated absences payable	(16,206)
Increase (decrease) in net pension liability	 (196,918)
Total adjustments	 9,588,124
Net cash provided by operating activities	\$ 21,421,911

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Central Weber Sewer Improvement District conform in all material respects to generally accepted accounting principles (GAAP) as applicable to governments. The District has adopted the provisions of the Governmental Accounting Standards Board (GASB). Preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements.

The following is a summary of the more significant policies and is presented to assist the reader in interpreting the financial statements and other data in this report. These policies, as presented, should be viewed as an integral part of the accompanying financial statements.

A. Reporting Entity

The Central Weber Sewer Improvement District is a special district organized for the purpose of providing sewage treatment services to cities in Weber and Davis Counties. The District operates under a Board of Trustees form of government.

The criteria set forth by generally accepted accounting principles (GAAP) were used to determine which entities to include in this report. GASB Concepts Statement-1 (Objectives of Financial Reporting) concludes that the basic foundation for governmental financial reporting is accountability. The Concepts Statement asserts that accountability requires governments to answer to the citizenry – to justify the raising of public resources and the purposes for which they are used. In turn, the concept of accountability becomes the basis for defining the financial reporting entity. Under GASB-61 (The Financial Reporting Entity) the financial reporting entity consists of the primary government.

The District has no component units.

B. Fund Financial Statements

The financial transactions of the District are recorded in an individual fund. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is used to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

The District reports the following major proprietary fund:

Sewer Fund – The sewer fund is used to account for operations of the sewer system, that are (a) financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting

The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the related liability is incurred, regardless of the timing of the cash flows. Taxes and fees are recognized in the year in which the related sales or other activity has occurred. Grants and similar items are recognized as revenue when all eligibility requirements have been met. When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available, the District generally uses restricted resources first, then unrestricted resources.

Proprietary funds separate operating and non-operating revenues and expenses. Operating revenues and expenses normally arise from providing goods and services in connection with the fund's normal ongoing operations. The principal sources of operating revenues for the proprietary funds are charges to customers for goods and services. Operating expenses include the cost of sales and services, administrative overhead expenses, and depreciation on capital assets. All other revenues or expenses are recorded as non-operating.

The District has adopted GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance. Accordingly, the District has elected to apply all applicable GASB pronouncements and codified accounting standards issued by GASB.

D. Assets, Liabilities, and Fund Balance/Net Position

The following are the District's significant policies regarding recognition and reporting of certain assets, liabilities, and equity.

Cash & Cash Equivalents and Investments

Cash and Cash Equivalents are generally considered short-term, highly liquid investments with a maturity of three months or less from the purchase date.

Investments are recorded at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Inventories

No significant inventories are maintained by the District; therefore, none are reflected in these statements.

Bond Issue Costs

The District has adopted GASB Statement No. 65, which has redefined the definition of an asset and provided a new categorization for deferred outflows. According to this standard, bond issuance costs no longer meet the criteria of an asset and have been expensed as an outflow of resources. Prior to 2012, the issuance costs were amortized using the straight-line method in the statement of net assets for the term of the bonds from which the costs were incurred.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Fund Balance/Net Position (Continued)

Restricted Assets

Certain resources set aside as reserves in accordance with District resolutions and State statutes are classified as restricted assets on the Statement of Net Position because their use is limited.

Capital Assets

All purchased fixed assets are valued at cost or estimated historical cost. Donated fixed assets are valued at their estimated fair market value on the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Capital assets are defined as assets with an initial, individual cost of more than \$10,000.

Infrastructure capital assets which are newly constructed or contributed are capitalized.

Depreciation of all exhaustible capital assets is charged as an expense in the related program. Accumulated depreciation is reported on the Statement of Net Position. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Buildings	30-50 years	Equipment	5-15 years
Improvements	10-50 years	Infrastructure	25-40 years

Long-term Obligations

In the proprietary fund financial statements, long-term debt obligations are reported as liabilities.

Net Position/Fund Balances

The difference between assets and liabilities is *net position* on the financial statements. The District's net position is classified as follows:

Net investment in capital assets – This component of net position consists of the District's total investment in capital assets, net of accumulated depreciation, reduced by the outstanding debt obligations and deferred inflows of resources related to those assets. To the extent debt has been incurred, but not yet expended for capital assets, such amounts are not included as a component of the net investment in capital assets.

Restricted for bond reserves – This component of net position consists of various reserves required by the bond purchaser and trustee.

Unrestricted – This component of net position consists of the portion of net position that does not meet the definition of "restricted" or "net investment in capital assets."

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Fund Balance/Net Position (Continued)

Net Position/Fund Balances

In fiscal year 2021, the District adopted a minimum cash balance policy for the Public Treasurer's Investment Fund. The policy requires the cash balance at fiscal year end to be at least equal to \$15,000,000.

E. Revenues and Expenditures

The following are the District's significant policies related to recognition and reporting of certain revenues and expenditures.

Revenue Availability

Statement of Governmental Accounting Standards (SGAS) No. 33, Accounting and Financial Reporting for Non-exchange Transactions, defined a non-exchange transaction as one in which "a government either gives value to another party without directly receiving equal value in exchange or receives value from another party without directly giving equal value in exchange. For property taxes, at January 1 of each year (the assessment date), the District has the legal right to collect the taxes, and in accordance with the provisions of the new statement, has now recorded a receivable and a corresponding deferred inflows or resources for the assessed amount of those property taxes as of January 1 of the current year.

Expenditure Recognition

When an expenditure is incurred for the purpose for which both restricted and unrestricted resources are available, the District generally uses restricted resources first, then unrestricted resources.

F. Contributions

Certain proprietary fund types receive contributions for aid in construction from various sources. With the adoption of GASB No. 33, these contributions that were formerly credited directly to contributed capital accounts are now reflected as non-operating revenue.

G. Compensated Absences

District policy provides for vested or accumulated vacation leave. All compensated absences are accrued when incurred in the proprietary financial statements.

H. Use of Estimates

The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Receivables

Receivables include amounts due from customers primarily for services. These receivables are due within one month of billing. An allowance for doubtful accounts is maintained as an estimate of collectability. At year end, the balance of this account was \$0. When an amount is deemed to be uncollectible, the receivable will be written off at that time.

K. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Deferred Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. The District has two items that qualify for reporting in this category. They are the deferred contributions and differences between projected and actual earnings on its pension plan assets as well as the difference between the reacquisition price of refunded bonds and the net carrying amount of the refunded bonds.

M. Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting in this category. Deferred inflows related to pensions represents the differences between expected and actual experience and changes in assumptions as a participant in the Utah Retirement Systems. Deferred inflows related to property tax are the assessed amount of property taxes recognized as receivables before the period for which the taxes are levied. Deferred inflows related to leases represents the value of the lease receivable (present value of lease payments expected to be received during the lease term) plus any payments received at or before the commencement of the lease term that relate to future periods.

NOTE 2 - DEPOSITS AND INVESTMENTS

Cash includes amounts in demand deposits as well as time deposits. Investments are stated at cost or amortized cost, which approximates fair value. Deposits are not collateralized nor are they required to be by State statute.

The District follows the requirements of the Utah Money Management Act (*Utah Code*, Section 51, Chapter 7) in handling its depository and investment transactions. This Act requires the depositing of district funds in a "qualified depository".

The Act defines a "qualified depository" as any financial institution whose deposits are insured by an agency of the Federal government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the District deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk. As of June 30, 2023, \$3,097,744 of the District's bank balances of \$3,183,185 was uninsured and uncollateralized.

Investments

The State of Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the state, and review the rules adopted under the authority of the State of Utah Money Management Act that relate to the deposit and investment of public funds.

The District follows the requirements of the Utah Money Management Act (*Utah Code*, Title 51, Chapter 7) in handling its depository and investment transactions. The Act requires the depositing of District funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

The Money Management Act defines the types of securities authorized as appropriate investments for the District and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities.

Statutes authorize the District to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations; bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; obligations, other than mortgage derivative products, issued by U.S. government sponsored enterprises (U.S. Agencies) such as the Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation (Freddie Mac), and Federal National

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Mortgage Association (Fannie Mae); bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Money Management Act; and the Utah State Public Treasurers' Investment Fund.

The Utah State Treasurer's Office operates the Public Treasurers' Investment Fund (PTIF). The PTIF is available for investment of funds administered by any Utah public treasurer and is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act (*Utah Code*, Title 51, Chapter 7). The Act established the Money Management Council which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the

PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments. The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses of the PTIF, net of administration fees, are allocated based upon the participant's average daily balance. The fair value of the PTIF investment pool is approximately equal to the value of the pool shares.

Fair Value of Investments

The District measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

At June 30, 2023, the District had the following recurring fair value measurements.

	Fair Value Measurements Using					
	Total	Level 1	Level 2	Level 3		
Investments by fair value level						
Debt securities:						
Utah Public Treasurer's Investment Fund	\$ 51,888,012	\$ -	\$ 51,888,012	\$ -		
PTIF Investments held at Zions Bank	10,953,164	-	10,953,164			
Total debt securities	\$ 62,841,176	\$ -	\$ 62,841,176	\$ -		

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Debt and equity securities classified in Level 1 are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 are valued using the following approaches:

- U.S. Treasuries, U.S. Agencies, and Commercial Paper: quoted prices for identical securities in markets that are not active;
- Corporate and Municipal Bonds: quoted prices for similar securities in active markets;
- Money Market, Bond, and Equity Mutual Funds: published fair value per share (unit) for each fund;
- Utah Public Treasurers' Investment Fund: application of the June 30, 2023 fair value factor, as calculated by the Utah State Treasurer, to the District's average daily balance in the Fund.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the State's Money Management Act. Section 51-7-11 of the Money Management Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. The Act further limits the remaining term to maturity on all investments in commercial paper, bankers' acceptances, fixed rate negotiable deposits, and fixed rate corporate obligations to 270 days - 15 months or less. The Act further limits the remaining term to maturity on all investments in obligations of the United States Treasury; obligations issued by U.S. government sponsored enterprises; and bonds, notes, and other evidence of indebtedness of political subdivisions of the State to 5 years. In addition, variable rate negotiable deposits and variable rate securities may not have a remaining term to final maturity exceeding 3 years.

As of June 30, 2023 the District's investments had the following maturities:

		Investment Maturities (in Years)					
Investment Type	Fair Value	Less than 1	1-5	6-10	More than 10		
PTIF Investments PTIF Investments held at Zions	51,888,012	51,888,012	-	-	-		
Bank	10,953,164	10,953,164					
	62,841,176_	62,841,176					

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's policy for reducing its exposure to credit risk is to comply with the State's Money Management Act, as previously discussed.

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

At June 30, 2023 the District's investments had the following quality ratings:

		Quality Ratings						
Investment Type	Fair Value	AAA	AA	A	Unrated			
PTIF Investments	51,888,012	-	-	-	51,888,012			
PTIF Investments held at Zions Bank	10,953,164				10,953,164			
	62,841,176				62,841,176			

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District's policy for reducing this risk of loss is to comply with the Rules of the Money Management Council. Rule 17 of the Money Management Council limits investments in a single issuer of commercial paper and corporate obligations to 5-10% depending upon the total dollar amount held in the portfolio.

Custodial credit risk (investments) – For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have a formal policy for custodial credit risk.

The District's investment in the Utah Public Treasurer's Investment Fund has no custodial credit risk.

Cash on hand and on deposit:

Cash on deposit	\$ 3,183,185
Petty cash	200
Owner's Escrow	250
PTIF investment	51,888,012
PTIF held at Zions Bank	10,953,164
Total cash and investments	\$ 66,024,811

Cash and investments are included in the accompanying combined statement of net position as follows:

Checking - Bank of Utah	\$ 3,183,185
Public Treasurers' Investment Fund	51,215,192
Petty Cash	200
Owner's Escrow - House Rental	250
Restricted Cash - Zion's Bond Reserves	11,244,234
Restricted Cash - PTIF Bond Reserves	381,750
Total cash and investments	\$ 66,024,811

NOTE 3 – CAPITAL ASSETS

The District has no leased assets reported in their proprietary activities. Capital assets activity for the year ended June 30, 2023, was as follows:

BUSINESS-TYPE ACTIVITIES	Balance June 30, 2022	Additions	Deletions	Balance June 30, 2023
Nondepreciable Assets				
Land	\$ 1,364,714	\$ -	\$ -	\$ 1,364,714
Construction in progress	4,805,861	22,288,725	(189,372)	26,905,214
Total nondepreciable assets	6,170,575	22,288,725	(189,372)	28,269,928
Depreciable Assets				
Buildings and structures	126,641,637	-	-	126,641,637
Treatment facilities	103,579,557	916,521	-	104,496,078
Outfall lines	59,117,115	-	-	59,117,115
Equipment	996,082	-	-	996,082
Vehicles	2,137,898	273,036	(94,100)	2,316,834
Total depreciable assets	292,472,289	1,189,557	(94,100)	293,567,746
Less Accumulated Depreciation				
Buildings and structures	(34,048,359)	(2,599,879)	-	(36,648,238)
Treatment facilities	(52,781,304)	(3,534,152)	-	(56,315,456)
Outfall lines	(18,443,008)	(1,178,673)	-	(19,621,681)
Equipment	(967,356)	(11,150)	-	(978,506)
Vehicles	(1,761,239)	(149,412)	94,100	(1,816,551)
Total accumulated depreciation	(108,001,266)	(7,473,266)	94,100	(115,380,432)
Net depreciable assets	184,471,023	(6,283,709)		178,187,314
Business-type activities - net	\$ 190,641,598	\$ 16,005,016	\$ (189,372)	\$ 206,457,242

Depreciation Expense:

June 30, 2023 \$ 7,473,266

NOTE 4 – CHANGE IN ACCOUNTING PRINCIPLE

In 2023, the District had leases requiring implementation of Governmental Accounting Standards Board (GASB) Statement No. 87, Leases. GASB Statement No. 87 enhances the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the District's 2023 financial statements but had no effect on the beginning net position since the lease start date was in fiscal year 2023.

NOTE 5 – LEASES RECEIVABLE

The District is reporting Lease Receivables of \$26,848 at June 30, 2023. For 2023, the District reported lease income of \$6,457 and interest revenue of \$1,776 related to lease payments received. Leases are summarized as follows:

]	Lease		Lease		Lease Interest	
Lease	Receivable		Revenue		Revenue Rev		
Hodson property lease	\$	22,442	\$	5,383	\$	1,481	
Kinsey property lease		4,406		1,074		295	
Total lease agreements:	\$	26,848	\$	6,457	\$	1,776	

Hodson Lease – On September 15, 2022, the District entered into a five-year lease agreement with Shane Hodson for the lease of real property for the purpose of agricultural uses, including livestock grazing. Based on this agreement, the District is receiving monthly payments through 2027.

Kinsey Lease – On September 15, 2022, the District entered into a five-year lease agreement with Shan Kinsey for the lease of real property for the purpose of agricultural uses, including livestock grazing. Based on this agreement, the District is receiving monthly payments through 2027.

NOTE 6 – ACCOUNTS RECEIVABLE

Receivables at June 30, 2023 consist of the following:

Property taxes	\$ 11,913,244
Customers	179,891
Intergovernmental	1,275,466
	\$ 13,368,601

NOTE 7 – DEFERRED OUTFLOWS OF RESOURCES

The District's deferred outflows of resources is comprised of two separate accounts. They are the deferred contributions and differences between projected and actual earnings on its pension plan assets as well as the difference between the reacquisition price of refunded bonds and the net carrying amount of the refunded bonds. The deferred outflow of resource in relation to the pension plan at year end was \$635,765.

When the 2017A Bonds were issued the reacquisition price of the 2010A Bonds exceeded the net carrying amount of the 2010A Bonds by \$3,644,755. This amount has been reported as a deferred outflow of resource and is being amortized in a systematic and rational manner as a component of interest expense over the life of the new debt. The balance of deferred outflows related to the 2017A bonds as of June 30, 2023 is \$1,471,133.

NOTE 7 – DEFERRED OUTFLOWS OF RESOURCES (CONTINUED)

When the 2019A Bonds were issued the reacquisition price of the 2010A Bonds exceeded the net carrying amount of the 2010C Bonds by \$106,065. This amount has been reported as a deferred outflow of resource and is being amortized in a systematic and rational manner as a component of interest expense over the life of the new debt. The balance of deferred outflows related to the 2019A bonds as of June 30, 2023 is \$97,085.

When the 2021A Bonds were issued the purchase price of the 2021A Bonds was reduced by a discount of \$45,990. This amount has been reported as a deferred outflow of resource and is being amortized in a systematic and rational manner as a component of interest expense over the life of the new debt. The balance of deferred outflows related to the 2021A bonds as of June 30, 2023 is \$39,105.

NOTE 8 – LONG-TERM DEBT

Long-term liability activity for the year ended June 30, 2023, was as follows:

Description	Outstanding 6/30/2022	Additions	Subtractions	Outstanding 6/30/2023	Current Portion
Series 2000 \$10,180,000	\$ 5,285,256	\$ -	\$ (613,528)	\$ 4,671,728	\$ 613,528
Series 2017-A \$32,360,000	28,595,000	-	(2,025,000)	26,570,000	2,130,000
Series 2017-C \$32,980,000	28,020,000	-	(1,775,000)	26,245,000	1,855,000
Series 2019-A \$23,575,000	21,360,000	-	(1,200,000)	20,160,000	1,255,000
Series 2021-A \$21,000,000	20,185,000	-	(930,000)	19,255,000	965,000
Premium 2017-A	3,805,656	-	(618,886)	3,186,770	-
Premium 2017-C	2,946,142	-	(423,395)	2,522,747	-
Premium 2019-A	3,024,276	-	(393,031)	2,631,245	-
Premium 2021-A	4,064,846		(400,141)	3,664,705	
	113,221,330		(8,378,981)	108,907,195	6,818,528
Compensated absences	245,997	-	(16,206)	229,791	-
Net pension liability		340,100		340,100

	\$ 109,477,086

NOTE 8 – LONG-TERM DEBT (CONTINUED)

For the year ended June 30, 2023, \$2,827,228 in interest was charged to expense. No interest was capitalized in 2023.

Series 2000 Sewer Revenue Bonds – On February 13, 2001, the District Trustees, by resolution 2000-1, entered into an agreement authorizing the issuance and confirming the sale of non-interest-bearing, taxable sewer revenue bonds, Series 2000, of Central Weber Sewer Improvement District, Weber County, Utah, in an amount not to exceed \$10,180,000. The purpose of the bond issue was defraying a portion of the cost of constructing sewage collection and treatment facilities and related improvements. As of June 30, 2023, \$10,180,000 has been issued and \$4,809,807 is outstanding. The annual requirement to amortize this debt is as follows:

June 30,	 Principal		Total
2024	\$ 613,528	\$	613,528
2025	631,934		631,934
2026	650,892		650,892
2027	670,419		670,419
2028	690,531		690,531
2029-2031	 1,414,424		1,414,424
	\$ 4,671,728	\$	4,671,728

Series 2017 A Bonds – On July 20, 2017, the District issued interest-bearing Sewer Revenue Refunding Bonds with a par amount of \$32,360,000 and a premium of \$5,097,524. These bonds are tax exempt, and yield an average coupon rate of 4.37%. The purpose of the bond issue was to refund the 2010A Bonds in the amount of \$34,105,000. This refunding resulted in a net present value benefit of \$3,536,204. As of June 30, 2023, \$32,360,000 had been issued and \$26,570,000 is outstanding. The annual requirement to amortize this debt is as follows:

June 30,	 Principal		Interest		Total
2024	\$ 2,130,000	\$	1,180,800	\$	3,310,800
2025	2,240,000		1,074,300		3,314,300
2026	2,355,000		962,300		3,317,300
2027	2,475,000		844,500		3,319,500
2028	2,600,000		720,800		3,320,800
2029-2033	 14,770,000		1,818,800		16,588,800
	\$ 26,570,000	\$	6,601,500	\$	33,171,500

NOTE 8 – LONG-TERM DEBT (CONTINUED)

Series 2017 C Bonds – On May 15, 2017, the District Trustees authorized the issuance of interest-bearing Crossover Sewer Revenue Refunding Bonds in an amount not to exceed \$32,980,000. These bonds are tax exempt, and yield an average coupon rate of 4.52%. The purpose of the bond issue was refund the 2009B Bonds in the amount of \$46,700,000. As of June 30, 2023, \$32,980,000 had been issued and \$26,245,000 is outstanding. The annual requirement to amortize this debt is as follows:

June 30,	Principal		 Interest	Total		
2024	\$	1,855,000	\$ 1,219,575	\$	3,074,575	
2025		1,950,000	1,126,825		3,076,825	
2026		2,050,000	1,029,325		3,079,325	
2027		2,160,000	926,825		3,086,825	
2028		2,270,000	818,825		3,088,825	
2029-2033		13,005,000	2,420,600		15,425,600	
2034		2,955,000	 73,875		3,028,875	
	\$	26,245,000	\$ 7,615,850	\$	33,860,850	

Series 2019 A Bonds – On March 1, 2019, the District Trustees authorized the issuance of interest-bearing Sewer Revenue Refunding Bonds in an amount not to exceed \$23,575,000. These bonds are tax exempt, and yield an average coupon rate of 5.0%. The purpose of the bond issue was to refund the 2010C Bonds in the amount of \$26,795,000. As of June 30, 2023, \$23,575,000 had been issued and \$20,160,000 is outstanding. The annual requirement to amortize this debt is as follows:

June 30,	Principal		 Interest	Total		
2024	\$	1,255,000	\$ 1,008,000	\$	2,263,000	
2025		1,320,000	945,250		2,265,250	
2026		1,390,000	879,250		2,269,250	
2027		1,460,000	809,750		2,269,750	
2028		1,535,000	735,750		2,270,750	
2029-2033		8,950,000	2,449,750		11,399,750	
2034-2035		4,250,000	 321,250		4,571,250	
	\$	20,160,000	\$ 7,149,000	\$	27,309,000	

Series 2021 A Bonds – On July 29, 2021, the District Trustees authorized the issuance of interest-bearing Sewer Revenue Refunding Bonds in an amount not to exceed \$21,000,000. These bonds are tax exempt, and yield an average coupon rate of 4.0%. The purpose of the bond issue was to fund various upcoming construction projects and refund a portion of the 2008 Series B Bonds. As of June 30, 2023, \$21,000,000 had been issued and \$19,255,000 is outstanding. The annual requirement to amortize this debt is as follows:

NOTE 8 – LONG-TERM DEBT (CONTINUED)

June 30,	Principal		Interest		 Total	
2024	\$	965,000	\$	770,200	\$ 1,735,200	
2025		1,005,000		731,600	1,736,600	
2026		1,040,000		691,400	1,731,400	
2027		1,095,000		649,800	1,744,800	
2028		1,140,000		606,000	1,746,000	
2029-2033		5,435,000		2,329,000	7,764,000	
2034-2038		5,030,000		1,329,200	6,359,200	
2039-2041		3,545,000		287,400	 3,832,400	
	\$	19,255,000	\$	7,394,600	\$ 26,649,600	

Compensated Absences – This amount represents the accumulated unpaid vacation and compensatory time which would be paid if employees had terminated employment at June 30, 2023. The balance in this account at June 30, 2023 was \$229,791.

NOTE 9 – BOND RESOLUTION COMPLIANCE

Series 2000 Sewer Revenue Bonds

The Series 2000 Sewer Revenue Bonds issuance provides for the establishment of the following funds:

- Beginning January 10, 2002, and on or before the 10th day of each subsequent month, the District is required to reserve one-twelfth (1/12) of the annual principal payment due on the sewer revenue bond. This Bond Account will then be used to make the annual payment. The balance in this account at June 30, 2023 was \$291,070.
- 2) Beginning January 10, 2002, and on or before the 10th day of each subsequent month, the District is required to reserve \$3,535 until such time as the aggregate reserve equals \$254,500. This Reserve Account shall be used to fund the sewer revenue bond redemption fund in the event it is in a deficit position. The balance in this account at June 30, 2023 was \$254,500.
- Beginning January 10, 2002, and on or before the 10th day of each subsequent month, the District is required to reserve \$1,767 until such time as the aggregate reserve equals \$127,250. This Emergency Repair and Replacement Account shall be used to make such emergency repairs of, or replacements to, the system to ensure its continued operation. The balance in this account at June 30, 2023 was \$127,250.

Deposits with Trustee

The District is required to make monthly deposits into a trust account sufficient to service the upcoming debt requirements. This money is used to pay the semi-annual obligations on the bonds. At year end, the amount that had been included in those trust accounts totaled \$3,507,220.

NOTE 9 – BOND RESOLUTION COMPLIANCE (CONTINUED)

Deposits with Trustee (Continued)

Below is a table illustrating the reserves of the District and the method of funding the reserves:

	ash Reserve ported in Net Assets	Cash Ro		Reserve Funded with Insurance Policy	
2000 Bonds - Reserve Account	\$ 254,500	\$	-	\$	-
2000 Bonds - Repair & Replacement	127,250		-		-
2000 Bonds - Sinking Fund	291,070

2021A Bonds - Reserve Account	7,445,944		-		-
Deposits with Trustee	 1,351,876				
	\$ 11,625,984	\$		\$	

NOTE 10 – RISK MANAGEMENT

Central Weber Sewer Improvement District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. The District maintains comprehensive insurance coverage in aggregate amounts sufficient to protect against all reasonably foreseeable liability risks. Specific liability policies purchased include automobile, general liability, property, bond (employee dishonesty), treasurer, public officials, excess liability, and workman's compensation. As of June 30, 2023, there is no anticipation of unpaid insurance claims with the exception of the contingency disclosed in Note 11.

A list of insurance policies in force at June 30, 2023 is as follows:

Coverage	Policy Limits	Insurer	Expiration Date
Blanket buildings and contents	262,073,753	Utah Local Governments Trust	6/30/2023
Earthquake	220,000,000	Utah Local Governments Trust	6/30/2023
Flood	110,000,000	Utah Local Governments Trust	6/30/2023
Business Interruption	100,000,000	Utah Local Governments Trust	6/30/2023
Employment-Related Practices	1,000,000	Utah Local Governments Trust	6/30/2023
Employee Benefits	5,000,000	Utah Local Governments Trust	6/30/2023
General Liability	5,000,000	Utah Local Governments Trust	6/30/2023
Automobile Liability	5,000,000	Utah Local Governments Trust	6/30/2023
Workers Compensation	500,000	Workers Comp Fund	6/30/2023
Public Officials' Errors and Omissions	5,000,000	Utah Local Governments Trust	6/30/2023

NOTE 11 – LEGAL COMPLIANCE BUDGETS

The budget for the fiscal year ending June 30, 2023, was approved and adopted by resolution or ordinance dated June 20, 2022. A public hearing, meeting the requirements specified in the Utah Code 11-35-113/114, was held on June 20, 2022. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the enterprise fund. All annual appropriations lapse at fiscal year end. Encumbrance accounting is not used by the District.

NOTE 12 – PROPERTY TAX CALENDAR

Lien date	Jan. 1
Taxing districts notify the county of date, time and place of public hearing	Mar. 1
County auditor sends valuation certified tax rate and levy worksheets to each taxing district	June 8
Taxing district must adopt a proposed tax rate, certify the rate and levy, and submit it to the county auditor	Before June 22
Taxing district adopts a final tax rate if there is no increase in the certified tax rate	June 22
Due date for property taxes	Nov. 30

Taxing district adopts the final budget prior to beginning of the ensuing year

Copy of the budget is submitted to the state auditor within 30 days of its adoption

NOTE 13 – CONTINGENCIES

The Sewer District is involved in various legal actions in which claims of varying amounts are being asserted against the District. The District follows the practice of providing for these claims when a loss is probable and a loss becomes fixed or determinable in amount. In the opinion of District management, these actions will not result in a significant effect on the District's financial position.

NOTE 14 - COMMITMENTS

The District entered into several construction contracts during the fiscal year for various capital projects. As of June 30, 2023, the District had outstanding construction contracts totaling \$83,549,968 as follows:

Project		ntract Amount	Co	mpleted	Re	Remaining		
Nutrient Removal & UV System	\$	92,991,707	\$	16,118,797	\$	76,872,910		
Hooper Pipeline Rehabilitation #1		4,334,845		3,727,896		606,949		
Hooper Pipeline Rehabilitation #2		7,014,056		1,525,123		5,488,933		
Industrial Park Lift Station		898,850		317,674		581,176		
	\$	105,239,458	\$_	21,689,490	\$	83,549,968		

NOTE 15 – TAX ABATEMENTS

The District participates in redevelopment activities that qualify as tax abatements, according to GASB 77 as authorized under the Interlocal Cooperation Act, Title 11, Chapter 13 of the Utah Code Annotated. The District assists redevelopment projects by providing a share of the tax increment from the project area.

For the fiscal year ended June 30, 2023, the District provided tax increment funding \$356,643 under these agreements, including the following tax abatement agreements that each exceeded 10 percent of the total amount abated:

- A 100 percent property tax abatement to North Ogden Redevelopment CBD. The abatement amounted to \$46,004.
- A 100 percent property tax abatement to Ogden City Redevelopment CBD Mall #1. The abatement amounted to \$40,116.
- A 100 percent property tax abatement to Ogden City Redevelopment Fairmount #15. The abatement amounted to \$58,652.
- A 90 percent property tax abatement to Pleasant View Redevelopment Business Park #1. The abatement amounted to \$37,357.

NOTE 16 – PENSION PLAN

General Information about the Pension Plan

Plan Description

Eligible plan participants are provided with pensions though the Utah Retirement Systems. The Utah Retirement Systems are comprised of the following Pension Trust Funds:

Defined Benefit Plans

- Public Employees Noncontributory Retirement System (Noncontributory System); is a multiple employer, cost sharing, public employee retirement system.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System) is a multiple employer, cost sharing, public employee retirement system.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms.

URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 E. 200 S., Salt Lake District, Utah 84102 or visiting the website: www.urs.org/general/publications.

NOTE 16 – PENSION PLAN (CONTINUED)

Benefits Provided:

URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

Summary of Benefits by System

System	Final Average Salary	Years of service required and/or age eligible for benefit	Benefit percent per year of service	COLA**
Noncontributory System	Highest 3 years	30 years any age	2.0% per year all years	Up to 4%
		25 years any age*		
		20 years age 60*		
		10 years age 62*		
		4 years age 65*		
Tier 2 Public Employees				
System	Highest 5 years	35 years any age	1.5% per year all years	Up to 2.5%
		20 years age 60*		
		10 years age 62*		
		4 years age 65*		

^{*}with actuarial reductions

Contribution Rate Summary:

As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the URS Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of June 30, 2023 as follows:

_	Employee	Employer	Employer 401(k)
Contributory System 111 - Local Government Division Tier 2	N/A	16.01	0.18
Noncontributory System 15 - Local Government Division Tier 1	N/A	17.97	-
Tier 2 DC Only 211 - Local Government	N/A	6.19	10.00

Tier 2 rates include a statutory required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

^{**}All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

NOTE 16 – PENSION PLAN (CONTINUED)

For fiscal year ended June 30, 2023, the employer and employee contributions to the System were as follows:

	Employer		Employee
System	Contributions	Cor	ntributions
Noncontributory System	\$ 215,553	\$	-
Tier 2 Public Employees System	241,483		
Total Contributions	\$ 457,036	\$	-

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

<u>Combined Pension Assets, Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At June 30, 2023, we reported a net pension asset of \$0 and a net pension liability of \$340,100.

	(Me	easurem	ent Da	ite): Decembe	er 31, 2022		
	Net Pens Asse			t Pension iability	Proportionate Share	Proportionate Share December 31, 2021	Change (Decrease)
Noncontributory System Tier 2 Public Employees	\$	-	\$	270,924	0.1581809%	0.1561265%	0.0020544%
System				69,176	0.0635289%	0.0630928%	0.0004361%
	\$		\$	340,100			

The net pension asset and liability was measured as of December 31, 2022, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2022, and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

NOTE 16 – PENSION PLAN (CONTINUED)

At June 30, 2023, we recognized pension expense of 260,119. At June 30, 2023, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

	ed Outflows of Lesources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$ 115,258	\$	2,744	
Changes in assumptions	66,859		1,258	
Net difference between projected and actual earnings on				
pension plan investments	206,594		-	
Changes in proportion and differences between contributions				
and proportionate share of contributions	14,785		4,685	
Contributions subsequent to the measurement date	 232,269			
Total	\$ 635,765	\$	8,687	

\$232,269 reported as deferred outflows of resources related to pensions resulting from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2022.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31,	Net Deferred Outflows (Inflows) of Resources			
2023	\$	(36,097)		
2024		17,109		
2025		85,112		
2026		299,646		
2027		5,970		
Thereafter	\$	23,068		

Noncontributory System Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended June 30, 2023, we recognized pension expense of \$127,456

At June 30, 2023, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

NOTE 16 – PENSION PLAN (CONTINUED)

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience	\$	91,893	\$	-
Changes in assumptions		44,401		1,082
Net difference between projected and actual earnings on				
pension plan investments		178,704		-
Changes in proportion and differences between contributions				
and proportionate share of contributions		2,256		1,369
Contributions subsequent to the measurement date		106,874		
Total	\$	424,128	\$	2,451

\$106,874 reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2022.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Net Def	Net Deferred Outflows		
Year ended December 31,	(Inflows) of Resource			
2023	\$	(40,111)		
2024		8,700

2027		-		
Thereafter	\$	-		

Tier 2 Public Employees System Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended June 30, 2023, we recognized pension expense of \$132,662

At June 30, 2023, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

	d Outflows of esources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$ 23,365	\$	2,744	
Changes in assumptions	22,458		176	
Net difference between projected and actual earnings on				
pension plan investments	27,890		-	
Changes in proportion and differences between contributions				
and proportionate share of contributions	12,529		3,316	
Contributions subsequent to the measurement date	 125,395			
Total	\$ 211,637	\$	6,236	

NOTE 16 – PENSION PLAN (CONTINUED)

\$125,395 reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2022.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Net Defe	rred Outflows	
Year ended December 31,	ended December 31, (Inflows) of		
2023	\$	4,014	
2024		8,409	
2025		13,333	
2026		25,211	
2027		5,970	
Thereafter	\$	23,068	

Actuarial assumptions:

The total pension liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50 percent

Salary increases 3.25 - 9.25 percent, average, including inflation

Investment rate of return 6.85 percent, net of pension plan investment expense, including inflation

Mortality rates were adopted from an actuarial experience study dated January 1, 2020. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using 80% of the ultimate rates from the MP-2019 improvement assumption using a base year of 2020. The mortality assumption for active members is the PUB-2010 Employees Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January 1, 2022 valuation were based on an experience study of the demographic assumptions as of January 1, 2020, and a review of economic assumptions as of January 1, 2021.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

NOTE 16 – PENSION PLAN (CONTINUED)

	Expected Return Arithmetic Basis				
Asset Class	Target Asset Allocation	Real Return Arithmetic Basis	Long-term Expected Portfolio Real Rate of Return		
Equity Securities	35%	6.58%	2.30%		
Debt Securities	20%	1.08%	0.22%		
Real Assets	18%	5.72%	1.03%		
Private Equity	12%	9.80%	1.18%		
Absolute Return	15%	2.91%	0.44%		
Cash and Cash Equivalents	0%	-0.11%	0.00%		
Totals	100%		5.17%		
	Inflation		2.50%		
	Expected arithmetic nomin	7.67%			

The 6.85% assumed investment rate of return is comprised of an inflation rate of 2.50%, a real return of 4.35% that is net of investment expense.

Discount Rate:

The discount rate used to measure the total pension liability was 6.85 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate.

Sensitivity of the Proportionate Share of the Net Pension Asset and Liability to Changes in the Discount Rate:

The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.85 percent, as well as what the proportionate share of the net pension liability would be if it were calculated used a discount rate that is 1-percentage-point lower (5.85 percent) or 1-percentage-point higher (7.85 percent) than the current rate:

System		19	% Decrease (5.85%)	(6.85%)	1'	% Increase (7.85%)
	Noncontributory System Tier 2 Public Employees	\$	1,707,455	\$ 270,924	\$	(929,373)
_	System		302,262	 69,176		(110,387)
	Total	\$	2,009,717	\$ 340,100	\$	(1,039,760)

NOTE 16 – PENSION PLAN (CONTINUED)

Pension plan fiduciary net position: Detailed information about the pension plans fiduciary net position is available in the separately issued URS financial report.

Defined Contribution Savings Plans

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue Code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

Central Weber Sewer District participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

- 401(k) Plan
- 457(b) Plan
- Roth IRA Plan

Employee and employer contributions to the Utah Retirement Defined Contribution Savings Plans for fiscal year ended June 30th were as follows:

401(k) Plan	 2023	 2022		2021	
Employer Contributions	\$ 93,393	\$ 90,846	\$	98,450	
Employee Contributions	92,775	88,753		100,788	
457 Plan					
Employer Contributions	_	-		-	
Employee Contributions	61,446	70,871		13,778	
Roth IRA Plan					
Employer Contributions	N/A	N/A		N/A	
Employee Contributions	47,883	35,850		33,778	

NOTE 17 – SUBSEQUENT EVENTS

On September 26, 2023, the District Trustees authorized the issuance of interest-bearing Sewer Revenue Bonds for \$35,000,000. These bonds are tax exempt, and yield an average coupon rate of 5.0%. The purpose of the bond issue is to fund various upcoming construction projects including replacing aging infrastructure, accommodating growth, and complying with regulations.

Changes in Assumptions					
No changes were made in actuarial assumptions from the prior year's valuation.					

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE STATE COMPLIANCE AUDIT GUIDE

To the Board of Trustees of Central Weber Sewer Improvement District

Report On Compliance

We have audited Central Weber Sewer Improvement District's compliance with the applicable state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the State Auditor, for the year ended June 30, 2023.

State compliance requirements were tested for the year ended June 30, 2023 in the following areas:

Budgetary Compliance Fraud Risk Assessment

Open and Public Meetings Act

Opinion on Compliance

In our opinion, Central Weber Sewer Improvement District complied, in all material respects, with the state compliance requirements referred to above for the year ended June 30, 2023.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards); and the *State Compliance Audit Guide* (Guide). Our responsibilities under those standards and the *State Compliance Audit Guide* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Central Weber Sewer Improvement District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of Central Weber Sewer Improvement District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Central Weber Sewer Improvement District's government programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Central Weber Sewer Improvement District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Guide will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Central Weber Sewer Improvement District's compliance with the requirements of the government program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Central Weber Sewer Improvement District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Central Weber Sewer Improvement District's internal control over compliance
 relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test
 and report on internal control over compliance in accordance with the State Compliance Audit Guide but not
 for the purpose of expressing an opinion on the effectiveness of Central Weber Sewer Improvement District's
 internal control over compliance. Accordingly, no such opinion is expressed.
- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report On Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses or significant deficiencies, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified. We noted other matters that we reported to management of the District in a separate letter dated November 29, 2023.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or to detect and correct noncompliance with a state compliance requirement on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a state compliance requirement will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a state compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the Guide. Accordingly, this report is not suitable for any other purpose.

Ogden, Utah November 29, 2023

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of Central Weber Sewer Improvement District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Central Weber Sewer Improvement District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Central Weber Sewer Improvement District's basic financial statements, and have issued our report thereon dated November 29, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Central Weber Sewer Improvement District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Central Weber Sewer Improvement District's internal control. Accordingly, we do not express an opinion on the effectiveness of Central Weber Sewer Improvement District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matter

As part of obtaining reasonable assurance about whether Central Weber Sewer Improvement District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted other matters that we reported to management of the District in a separate letter dated November 29, 2023.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
