

Central Weber Sewer Improvement District

SAFETY & PRETREATMENT TECHNICIAN

Central Weber Sewer Improvement District (CWSID) is seeking qualified applicants for the position of Safety & Pretreatment Technician. CWSID is a local district providing wastewater conveyance and treatment services in Weber and Davis Counties since 1956. CWSID is an at-will employer that provides a competitive salary for this position depending on experience and qualifications. As a local government district in the State of Utah, CWSID seeks to provide competitive benefits and compensation.

Job Description

The Safety and Pretreatment Technician is a dual-function role providing safety program support to the District's approximately 36 employees, as well as industrial wastewater pretreatment program support to the District's pretreatment program. The Safety and Pretreatment Technician will report directly to the General Manager regarding the safety program and to the Pretreatment Coordinator for pretreatment duties. Pretreatment job training will be provided.

Preferred Qualifications

Five years of experience in safety is preferred. Certification as an Occupational Hygiene and Safety Technician (OHST) or equivalent certification will be required within 12 months of employment. Grade II Wastewater Collections or Wastewater Treatment will be required within 12 months of employment. A bachelor's degree in industrial safety, industrial science, or related field is preferred, and tuition reimbursement may be available.

Additional Information

Job Type: Full-time

Salary: \$28 - \$48 per hour DOE

Benefits:

- Health and dental insurance (PEHP)
- Vision insurance
- Life insurance
- Paid vacation and sick leave
- Retirement plan (URS) and additional employer contribution to 401(k)
